Gans' exact weight stripped was 132 pounds. The two fighters shook hands cordially and each wished the other a happy new year. A large crowd was present to witness the scale balancing ceremonies. The New Year finds us prepared to call your attention to Hood's Sarsaparilla with renewed vigor, inspired by the constantly increasing evidence of the good this medicine is doing.

In merit, sales and cures, Hood's Sarsaparilla has far surpassed all other medicines, and the indications are that its great success has but just begun.

The abiding confidence of the people in Hood's Sarsaparilla is the strongest proof of its unequalled merit as a great purifying medicine.

BELL THEATER,

The Beil tracter is beginning the new year with the strongest bill it has ever presented, and Manager Cohen makes the antouncement that the bill this week is but a sample of what the Bell is to give it patrons the coming year. The new bill was greeted yesterday afternon with a crowded house and the same condition fuled at the two performances in the example. It is difficult to pick the strongest act on the bill, but the bonoi probably fails with Mi and Misiloward Truesdale and company, who present the sketch "Two Bottles and a Man." It is an immensely lunny sketch and is well acted and staged Following close upon this is Joe Belmont, the "Human Bird," who is the whistling soloist for the Edison, Columbu, Zonophone American Record and other well-known talking mechine companies. Mr. Belmont is wonderfully gifted and his act is a novelty in the matter of construction, embracing singing, whistling, talking and bird initiations. Possessing a fine battone voice, he sings of the robin and the wien, imfating the birds as he goes along, presentive chatting with his audience in an affathe sort of way, then again tendering some heautiful stiah, triffing, chirping, cleverly executing little cadences and finally giving a magnificent imfation of the calls and songs of different birds, and grang from so perfectly as to make the vory birds enrious of the gift. Another star act is that of the three Hillions, rated as Amelica's thick becyle rides. They seem to perform every trick that is possible on a theycle, Halight and Doan present a delightful sketch entitled "A Mistir Meeting" It as devended and please immensel; Cherettel, a Frenchman, is probably the best trick violants ever seen in this city. Much praise is tendered by the thousands of visitors from San Francisco and other points to the faithful and untiring efforts the Oakland business men have made to conduct the immense flesta and New Year's celebration. The event was voted a grand success, and those who made for home in the wee small hours claim they never had a better time.

A GREAT NIGHT.

(From the San Francisco Chronicle.) OAKLAND, Dec. 31: Oakland had miniature Fourth of July celebraion tonight in honor of the approach of the new year. Horns of every description were blown, automobiles coted; bands vainly endeavored to make themselves heard from a dozen corners, guns boomed, red fire flashed from scores of vantage points, boys exploded blank cartridges or caps on every cowntown car track, or threw vari-colored confetti at passersby, and bells rang out a chorus of glorious notes, in fact, fun; frolic and good cheer were everywhere, and the old ushered in with a blaze of glory. Long before dark, horns could be

heard, not only in the central portion of the city, but all through the residence districts, and by the early

> RECORD BREAKER. (From San Francisco Call.)

OAKLAND, Jan. 1 .-- Amid sounds of whistles, toot of horns, blare of bands, fireworks and red fire, thousands upon thousands of merrymakers watched out the old year and welcomed the new year on the thronged streets of Oakland tonight. Every one was in holiday spirits and of the densely moving masses of pedestrians few there were who stepped over the bounds of innocent fun.

UNLIMITED NOISE.

(From San Francisco Examiner.) With unlimited noise and merrimen

the New Year was ushered in by the residents of Oakland last night. From an early hour in the evening until long past the time the old year died the city streets were thronged. Young and old alike joined in the ceaseless march. Pandemonium arosa from horns and whisties, and few were those on the street who did not add to the noise in one way or another.

The Oakland police prepared for any trouble that might arise, but they met with little difficulty in keeping the setting poor, crowds in order. A large number of special men were aworn in.

OAKLAND TRIBUNG W. E. DARGIE, PRESIDEN

How Oakland Welcomed 1907.

Oakland welcomed the advent of the new year with a celebration that eclipsed anything of the kind in her previous history their eyes. Where did the vast throngs come from? The question was heard on every lip. The answer is simple—the population is

In every respect the celebration was an unqualified success. The the land. good humor was contagious, and the hilarity kept within the bounds and girls blew horns, rang bells and threw confetti in joyous abandon, oblivious of convention and proof against petty annoyance It was a rare sight to see, the immense throngs parading the

A Loss to the California Bar.

By the departure of D. M. Delmas and Henry C. McPike to practice law in New York City, California loses two of her most eminent lawyers and Oakland one of her most popular and respected citizens. Mr. Delmas and Mr. McPike are native Californians who have risen to deserved eminence in the legal profession in the State of their birth. They have given up a large practice and a high position at the bar here to enter the crowded field of the metropolis, which attracts the brightest minds of the nation and presents the keenest intellectual competition. We have no doubt, however, of the ability of Messrs. Delmas and McPike to hold their own in their new sphere of action. They are learned in the law and veterans in court practice, having encountered the ablest advocates on the Pacific Coast. There is not a more finished orator in the United States than Mr. Delmas, who has for twenty years been distinguished for his eloquence and persuasiveness as a pleader at the bar. Mr. McPike has been associated with some of the best lawyers and biggest cases in California. He has made a place for himself in the front rank of the legal profession that few men would care to sacrifice. Messrs. Delmas and McPike are established in partnership at 120 Broadway. Mr. Delmas has signalized his appearance at the New York bar by taking the position of leading counsel for Harry K. Thaw, who is to be tried for shooting Stanford White, the famous architect, in the Madison Square Roof Garden. This celebrated case will give him an opportunity to show to the people of the East the splendid talents with which Californians have P. Irish, who helped to fill this notable number with readable matlong been familiar.

The Texas Railroad Commission has ruled that the Pullman Car Company is a common carrier, and by virtue of that ruling has ordered a reduction of twenty per cent in the prices charged for sleepers in the Lone Star State. Now the Pullman Company threatens to open the sleepers on the ground that as common carriers they are liable, under the Civil Rights Law, for damages for refusing to sell tickets to colored people.

A Few New Year Suggestions.

Don't begin the new year with a knock.

Don't take a fresh start with a swear-off you never intend to lines "In Defense of the Carmen."

Don't think you can beat the wind with an automobile

Don't kick when the other fellow is doing the best he can.

Don't growl when politely requested to move up on the seat of a street car.

Don't carry your umbreila under your arm with the ferrule sticking backward at an angle

Don't swear at the condition of the streets unless you have

Don't forget that there is always somebody bigger and better than you are.

Don't believe all you hear.

mended your own sidewalk.

Don't tell all you know.

Don't tell what you don't know.

Don't be a clam.

Don't be a lobster.

Don't booze.

Don't snooze.

But step lively, keep your nose clean, your face washed, with the glad hand out for every other hand worth taking, and your eyes open to what is going on around you.

If you follow these simple rules you may not be rich and happy, but you will know more, be better liked, have a keener interest in life and be a more useful person in the community.

GREATEST PAPER AROUND THE BAY.

THE OAKLAND TRIBUNE is the greatest daily paper of the San Francisco bay district today, and is putting San Francisco papers all in the shade, both in news service and in editorial diseussion.-Hanford Sentinel.

A MARVEL OF NEWSPAPER MAKING

The Christmas edition of THE OAKLAND TRIBUNE is a marvel in newspaper making and a credit to the city of Oakland and the State of California. It is well illustrated and contains a large amount of reliable data concerning the progress of this side of the bay. As an advertisement for the State it is of great value. and persons residing here who have relatives and friends in the East should lose no time in sending them a copy. THE TRIBUNE is all right and is now classed among the great newspapers of the country.-Richmond Leader.

GREATER OAKLAND AND COLONEL IRISH.

The Greater Oakland edition of THE TRIBUNE was a big thing in its way, and also a good thing. According to Colonel John ter, Oakland now has 250,000 inhabitants.

It does not appear whether he saw this multitude through his hat or through a glass darkly, but the Athens of the Pacific is certainly growing some, and confidently looking forward to yet more greatness - Sacramento Bee.

DEFENSE OF THE CARMEN.

EDITOR TRIBUNE: While reading the editorials in your valuable paper of last evening I came across one entitled, "Who Owns the Streets?" signed William H. Chapman. If it is not asking too much I should be very pleased if you would publish a few

Any one reading the editorial above mentioned will readily see that the enmity of the gentleman named is directed not against the Oakland Traction Company (as he would probably have a few believe) but against the carmen; the union men; and to quote his own words, "What one street carman says all the rest of them will swear blindly to it"

Now, in the first place, I will say that this gentleman is either grossly misinformed about the carmen of our city or else he is a party of very small intelligence, which is shown by his comment, "The belief on the part of the street car people that their company owns the street covered by the tracks."

I should like to inform the gentleman that the "citizens" of our fair county recognize the fact that our carmen as a class are just as intelligent, progressive and obliging as any line of men, and what one may possibly have said does not voice the intelligence of all.

Berkeley Barber and Wife Will Start Out on Journey in a Two-Horse Vehicle.

BERKELEY, Jan. 1.—A novel trip in a novel way is to be taken by James R. Davis, who for the last five years has run the Palm barber shop on Dwight way, near Telegraph avenue. Davis starts in a few days. He plans to live for a period of two years in a two-horse wagon, which he has fitted up as a traveling real estate office and barber shop. In addition, he will have in the little wagon "all the comforts of home," including a merry wife, who is also an enthusiast for novel sightseeing expeditions.

Davis has sold out his business in Berkeley to another barber and has retained only a sufficient equipment to enable him to "shave his way around the world," as he expresses it.
The wagon in which Davis will travel will be 12 feet in length by 6 feet in width. Davis says it beats a Pullman car by a fille. With the single excep-

car by a mile, with the single excep-tion of speed. It will carry an acety-

tion of speed. It will carry an acety-lene gos generator, which will furnish the inside lights.

Davis plans to include the Yosemite, Shasta, Kings River, the Geysers and other famous California resorts in his itinerary for the first year. Later he will cross the continent, making side trips 'into Mexico.

As more men are getting to know every year, this store is up-to-date and a leader in assured styles and fair prices. It won its way to the front by progressive methods, and conspicuous among them is the way we close out stocks in the season for which they were bought-for this allows us to begin the following season with new goods. So twice each year we have a clearance sale and make a drastic cut in the prices of our surplus stocks.

The store that doesn't dispose of its surplus goods-that clings on for full profits-that carries one season's styles into another season-that values its "hold-overs" at their original cost—is fooling itself and doing its customers an injustice.

Emerson Angelus Piano

The Emerson Piano is today recognized as one of the highest types of planos made, and richly merits the position in the musical world which it holds.

The ANGELUS Player developed during the past ten years to its present point of superiority is conceded to be the highest attainment in the invention and manu-

facture of plano-playing devices.

The EMERSON-ANGELUS is the union of the Emerson Pieno with the AN-GELUS into one superb player-piano which has all the superior qualities of both the Emerson and the ANGELUS, thus making an instrument which is beyond question

the finest combination of player and piano which is offered to the public.

The mechanism of the ANGELUS is built entirely within the piane case, so that the instrument has practically the same appearance as an ordinary piano. As the tone and touch are not impaired, this player-piano is perfectly satisfactory to the accomplished planist who plays it by the keyboard as well as to everyone who plays it by means of the perforated roll. It is always ready to be played by either

Never before has the public had the opportunity of securing in one purchase such a piano as the Emerson and also the means for any one to play it.

We invite you to call, to see, hear and operate it, in order that you may realise

its superiority. A TEST WILL CONVINCE YOU OF ITS UNQUESTIONED SUPREM-

Four Hundred Years Ago

Dandelion was used by the Arabs as a blood purifier. Today it is used by every medical man throughout the world because every Physician knows that it is one of the most valuable and effective of all Nature's remedies. On most prescriptions for pills and tablets you will see the words Ext. Tarax. Q. S., this means Extract of Dandelion, sufficient quantity. A doctor's prescription costs you anywhere from \$1.00 to \$5.00 and it is generally worth the money. Dr. Edward's Dandelion Tablets or Pills cost 25 cents for a box of thirty and they are always worth the money because they are a certain cure for those diseases for which they are recommended. Get a trial package free of cost from the drug store named below and test them yourself.

What Dandelion Tablets and Pills Are

Everybody knows that Dandelion is the most valuable of all Nature's remedies. Well, Dr Edward's Tablets and Pills are simply common dandelion (Taraxicum) in a concentrated form, combined with other harmless ingredients of purely vegetable matter. They are one of the very few proprietary medicines endorsed by the medical profession. If your physician desires to know what these preparations contain, have him write us and we will gladly send him the information, together with the name of the expert chemist who superintends their manufacture.

Stomach Trouble

The Tablets are the best to use in cases of Stomach Trouble which take the form of Dyspepsia, Indigestion, Sour Stomach, etc., because they tone up the system and stimulate the flow of gastric juice, thus very effectively aiding the digestive organs to perform their proper functions Their mildly cathartic action also relieves the stomach of all refuse and undigested matter.

Kidney Trouble and Rheumatism.

All Kidney trouble and nearly every case of Rheumatism is due to the presence of uric acid in the blood. Dr. Edward's Dandelion Pills through their direct action upon the Liver and Kidneys restore these organs to a sound and healthy condition. The uric acid then passes away through the natural channel and the blood becomes pure again and free from all poisonous matter.

We only guarantee to cure Rheumatism when it is caused by the presence of uric acid in the blood. We have cured hundreds of cases because this is usually the cause of rehumatic affections.

Liver Trouble

Through their direct and immediate action upon the liver Dr. Edward's Dandelion Tablets and Pills induce a natural flow of bile This relieves a congested condition of the liver and enables it to perform its important work of keeping the bowels and stomach in a healthy condition

Nervous Trouble

It is well to remember that disordered nerves are nearly always caused by a disordered stomach. We do not make a specialty of nervous troubles unless they are caused by stomach trouble—then we cure them permanently.

Both Tablets and Pills sold by all Druggists. Price 25c.
